The Human Cost of Governance Failure

- ▶ Our 20th-century systems are failing in real-time
- ▶ Climate Disruption: **\$54 Trillion** in projected economic losses
- ▶ Pandemic Vulnerability: **\$13.8 Trillion** cost from recent pandemics
- ▶ Democratic Erosion: **16 consecutive years** of global decline

\$54T

Climate Economic Losses

Understanding the "Polycrisis"

- ▶ We face interconnected failures, not separate problems
- ▶ Climate, economic, and political crises create feedback loops
- ▶ Example Cascade: Climate Disruption → Political Instability → Weaker Climate Action
- ▶ Traditional approaches fail because they treat symptoms, not systems

The Solution: The Treaty for Our Only Home

[Next →](#)

"The choice is not between perfect solutions and imperfect status quo. It's between conscious evolution and unconscious devolution."

The Five Pillars of Reform

- ▶ **Ending Impunity:** Making large-scale harm a crime
- ▶ **Planetary Stewardship:** Governing within Earth's limits
- ▶ **Intelligent Governance:** Evidence-based decision making
- ▶ **Democratic Renewal:** Participation that actually works
- ▶ **Economic Justice:** Systems that serve humanity

Keystone Reform: Ending Impunity

- ▶ **Ecocide Law:** Making large-scale environmental destruction an international crime
- ▶ **Universal Jurisdiction:** Holding corporations and governments accountable under international law
- ▶ **Global Enforcement Corps:** Professional enforcement for health, environmental, and cyber threats
- ▶ **Transparent Justice:** Open courts and public accountability

Your Role in the Transformation
